AESTHETICS & WELLNESS

## NeoClear Post Treatment Instructions

- Immediately following your treatment, your skin may feel slightly warm and may appear pink. This will subside within a couple of hours.
- SPF 30 is required to be worn throughout the duration of your treatments. We recommend UV Clear by Elta MD.
- Follow your provider's instructions regarding all products that may be used the evening after your treatment. Product recommendations may differ from patient to patient.
- To maintain the effects of the treatment, be sure to keep anything that comes into contact with skin clean. This includes make up applicators, cell phone screens, pillowcases, etc. It is also recommended that hair be pulled up and away from the face during sleep.
- A series of 6 treatments is recommended for best results. These may be done 7-10 days apart. Subsequent treatments may be needed and individual results may vary.

If you have any questions or concerns, please call our New Hope (215) 862-6100, Newtown (267) 753-7676, Upper Dublin (215) 515-1770 or Ellis Preserve (215) 714-7104 office. During off hours, call Dr. Espinoza's cell at (908) 303-5694. You can also email us at [team@lachele.com](mailto:team@lachele.com)
